

A Note from Mother Margaret
April 20, 2020

Hello everyone,

I want to give you all a quick update about things here at the Jeanne Jugan Center. We are grateful to announce that our Residents and staff are all virus free at this time. Everyone is doing a great job with social distancing, and are also using cloth face masks everywhere in the home. We are still restricting visitors, and continue to follow all of the CDC and MO Department of Health & Senior Services guidelines to keep our Residents and staff safe, including cleaning and disinfecting surfaces more often, and monitoring everyone daily for COVID symptoms.

Our Residents are doing well, although they are getting a little lonely spending so much time in their rooms. We are encouraging staff who see them daily (aides, nurses, and housekeepers) to take some extra time to interact and chat with them.

Easter was a special day. The Little Sisters went to each Resident's room and gave bunny-themed treat bags that were made by our Association Jeanne Jugan members. Those were a big hit!

We appreciate the prayers and support from so many during this time, and please know that the Little Sisters and I are praying for you, too. We do have a need now, if anyone can help. We could really use surgical masks and disinfecting wipes. If any of you have access to them or can spread the word to others who may, we would be grateful.

Thank you for your understanding and collaboration as we make decisions for the health and safety of our Residents and staff. We will continue to keep you updated with any new developments.

May God bless you and keep you well,

Mother Margaret, lsp
