

September 3, 2021

Dear Friends,

Here is the latest news from Jeanne Jugan Center. We have tested all the staff and all the Residents within the last 24 hours. We are saddened to report that we had one Resident test positive and one employee. We thank the Lord that neither of them has any symptoms.

We now have three Residents in our isolation unit. All are doing well. One of them will be able to leave the unit, possibly on Saturday. They can at least visit each other in the unit. Of course, there is a staff member present 24 hours a day.

The employee who tested positive is a part time employee who works only every two weeks. The individual tested negative on Monday, but positive today! She will not be working here for at least 10 days. It is a sneaky and quick travelling virus. Stay safe!

We asked the Department of Health about outdoor visits. They clarified for us that outdoor visits are allowed for all Residents who are not in quarantine. As always, visitors can make arrangements with Stephanie Mayberry 816 761-4744 ext. 8045.

God bless you, we will keep in touch.

Mother Margaret Patricia and Little Sisters
